DETAILED ACTION

Allowable Subject Matter

1. Claims **1-18** are allowed over the prior art of record.
2. The following is an examiner's statement of reasons for allowance:

Claim **1-18** are allowed as stated in the **applicant' amendment in pages 7-9 on the dated October 29, 2004.**

The prior art of record do not disclose or suggest, a method for power control in spread spectrum communication systems, the method comprising the steps of: providing two or more multiplexed registers coupled to a control circuit, the multiplexed registers controlled by a control signal, the registers containing power control values; measuring a transmit power; receiving the TPC information; determining whether the TPC information calls for an increase or decrease in power; comparing the new TPC information to the last TPC information, wherein if the TPC information is the same as the last TPC information, calculating a new power control value using the TPC information and measured transmit power, and writing the new power control value to the next selected register; and applying the control signal corresponding to the next selected register to the multiplexer to couple the value of next selected register to the control circuit, as substantially described in independent claims **8, and 12**. These limitations, in combination with other remaining limitations of claims **2-7, 9-11, and 13-18** are not taught nor suggested by the prior art.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
